SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CAL., SATURDAY, JUNE 13, 1908.

NO. 24

An Argumentative Statement Addressed to South San Francisco Improvement Club

The following carefully prepared statement giving reasons why the territory petitioned for should be included in the limits of the newly incorporated city of South San Francisco has been addressed to the South San Francisco Improvement Club:

To the Improvement Club of South San Francisco—Gentlemen: Your committee having in charge the matter of the incorporation of the town of South San Francisco desires to present the following as its report on this subject:

The territory decided upon in the mass meeting of the citizens of South San Francisco included all of the original holdings of the South San Francisco Land & Improvement Company, including what is known as the Fifth Addition to San Bruno Park, and including Tanforan Park. At the first presentation of the petition to the Board of Supervisors, strong opposition was encountered from the residents of San Bruno Park, who insisted that the southerly line of the town of South San Francisco should be limited to the northerly line of San Bruno School District, this line being practically a line running east and west about the center of the canal in front of the Packing House. Your committee after careful consideration of the subject and in order to avoid antagonizing the interests of the residents of San Bruno Park, and for the further reason that they desired to include the entire water front now controlled by the South San Francisco Land & Improvement Company, compromised with the committee from the Improvement Club of San Bruno Park by eliminating from the town limits, as originally proposed, the territory known as the Fifth Addition to San Bruno Park and the Race Track grounds known as Tanforan Park.

This action on the part of your committee resulted in a free field as to the southerly boundary of the proposed incorporated district.

At the meeting of the Board of Supervisors your committee encountered most strenuous opposition from what is known as the Home Protective

Association, who were present, represented by several attorneys, who sought to prevent the incorporators from including within the town limits of South San Francisco any portion of the land lying east of the Bay Shore Railroad. Their argument being that if South San Francisco became a municipality it would control the entire water front known as San Bruno Point, the same as the City of Oakland controls its water front, and that inasmuch as this water front was about the only deep water point in San Mateo County, that it should be kept entirely under the control of the County of San Mateo and the dictation of the Board of Supervisors of said County, rather than let the municipality of South San Francisco control that feature.

They further argued that by this elimination of what is known as the manufacturing district from the proposed incorporation of South San Francisco, they would absolutely control the question of the erection of the smelter at South San Francisco, and would completely tie the hands of the people of South San Francisco in any move that they might want to make towards enabling the construction of a smelter. Claiming that if the manufacturing district including the smelter site was included in the proposed municipality of South San Francisco, that the people of South San Francisco in their municipal capacity could authorize the construction of a smelter under their licensing power which would absolutely over-ride any ordinance that the Board of Supervisors might want to enact to prevent the construction of the smelter.

The representatives of the Home Protective Association secured by solicitation protests from the United Railroads, from the Spring Valley Water Company, from W. P. Fuller & Co., from the Steiger Terra Cotta & Pottery

Works and from the Benicia Iron Works, asking that the Board of Supervisors do not permit the town of South San Francisco to incorporate, or at least not to take in any of the territory which would include the property of the protestants. It was manifest to all parties concerned that the gist of the opposition lay in the question of the smelter, and your committee in person and represented by Attorneys Brown and Styles combatted before the Board of Supervisors all points raised by the enemies of incorporation. It was argued and proven that the people of the town of South San Francisco had had under consideration for more than three years the question of incorporation, and that many moves looking towards this ultimate result had been started by the people long before the smelter question had been thought of. This to prove the honest intent of the people of our community in their efforts towards incorporation.

It was further stated that the move now being made to incorporate was a strictly honest one and that the matter of incorporation was being urged for the sake of the development of South San Francisco. The needs of the community require better roads, sewers and other sanitary features which could not be obtained by any other means than by that of incorporation. That the manufacturing district had been included in this proposed incorporated territory, because the people felt that the manufacturers who gave employment to the men residing in the townsite of South San Francisco should contribute a little at least towards making sanitary and pleasant the homes of their employees. That the manufacturing district was further included in this proposed incorporation, because many improvements of a municipal character should be carried out in that district and along the water front for the common good, and such as the people of the town of South San Francisco in a municipal capacity only could accomplish. That the territory asked for in the petition should not be dismembered by cutting off the factory district and water front, for the further reason that the outlet for the sewers and drainage system of the proposed

municipality must necessarily be at the water front and that two main sewers must traverse the factory district upon two distinct and widely separated lines. That the owners of this so called manufacturing district were willing that that district should be included in the town limits, and that these owners, the South San Francisco Land & Improvement Company and the Western Meat Company, were the absolute owners of all the water front proposed to be taken into the incorporation, including tide lots to deep water, and that therefore as a matter of right the people of South San Francisco were entitled to the territory as originally outlined in the petition of the incorporation.

It was further argued and shown that the matter of the smelter had not entered at all into the calculations of the incorporators, and that incorporation was not instituted in behalf of the smelter or any other industry, but for the general good of the people of South San Francisco, and that interference on the part of the Burlingame or any other outside community should have no weight with the Board of Supervisors, as the people of South San Francisco were capable of governing themselves without any such guardianship. That all that was asked on the part of this community was the rights which are theirs as American citizens. That the smelter proposition should not be brought into this controversy to the extent of defeating the incorporation of the town of South San Francisco, because that even if the contention of the Home Protective Association were true, they still had a thousand and one other remedies to prevent the construction of anything that would be a menace to the county at large. That the general scope and purpose of the law providing for the incorporation of towns into cities looked solely to the question of the consent of the people living upon the territory proposed to be incorporated or upon adjacent, contiguous territory. This is demonstrated by the fact that the law first provides that the people of this territory shall ask for incorporation, and the Board of Supervisors alone have the power to

curtail the territory asked for. That the intent of the law is that no one shall object except those on contiguous territory, is evidenced by the further fact that in case territory is desired to be added to the incorporation, that then only the people of that territory are to be consulted.

This intent of the law alone should give the Home Protective Association no standing before the Board of Supervisors of San Mateo County.

The protests filed by the United Railroads, Spring Valley and Fuller Co., Steiger Pottery Works and the Benicia Iron Works, even though obtained by solicitation, alone have a standing in this controversy, but inasmuch as the territory surrounding them of over one hundred times the bulk controlled by these protestants in the aggregate is owned and controlled by parties favoring to be taken into incorporation, they should be ignored as of a weight not sufficient to lop off any portion of the territory originally outlined in the petition for incorporation.

To Manufacturers

The earthquake did but little damage to South San Francisco. The industries located here, the Western Meat Company, the Wool Pullery, the Butler Brick Company, the Pacific Jupiter Steel Company, the Steiger Pottery Works, the W. P. Fuller White Lead Works, and other enterprises, are all in full operation to-day. Not one of them having suffered any serious impairment by reason of the earthquake.

The South San Francisco Land and Improvement Company planned South San Francisco as a manufacturing suburb of San Francisco. With that object in view they originally purchased 3500 acres of land in San Mateo county on the bay front five miles south of the City of San Francisco, and have developed their property so that to-day they possess perfected nearly every feature desired by manufacturers.

SOUTH SAN FRANCISCO

Is a railroad terminal; it is on the main line of the Southern Pacific Railroad and accessible to all railroads; has deep water communication; owns and operates for its industries, a railroad connecting with the Southern Pacific and the water front; has electric street car service from factory to town and direct to San Francisco; has an Electric Light and Power Company; owns an independent water works, and has an abundance of fresh water for factory and house; has wharves and docks; a perfect sewerage system; a bank; a town hall; and a population of 3000 people; an extensive and fine residence district, where workmen may secure land at reasonable prices and on favorable terms, as homes for themselves and their families.

FACTORY SITES

Can be obtained from the South San Francisco Land and Improvement Company on most reasonable terms.

The American Smelting and Refining Company recently purchased from this Company 200 acres of land and are on the ground to-day arranging for the immediate construction of a plant costing upward of \$5,000,000. This means a vast increase in population, and a great augmentation for the benefit of all industries of every detail pertaining to rail and water communication.

For Manufacturing Purposes South San Francisco Has No Equal on San Francisco Bay.

GOOD ROADS.

The Good Roads question has become once more a live issue.

The automobile has brought it to the front.

Ten years ago this same question was very much in evidence and the only visible result of two years or more of agitation was an expensive salaried State Highway Commission. The agitation subsided, the Good Roads issue died, but the commission survived, and its members and attaches have been drawing their annual salaries from the State Treasury ever since.

What the result will be, in the case of this latest agitation, is hard to foretell.

The automobile is a factor of such magnitude that it may be able to compel action.

To accomplish any real reform, any permanent improvement, it will be found necessary to do away entirely with the present road law system, which is not only inefficient but thoroughly vicious as well.

The present system not only makes the county supervisor the road builder, but it makes the road fund his personal perquisite. It gives the work of road-building in charge of a man who, in nine cases out of ten, is totally incapable, and it places the fund absolutely at his disposal without any check whatever. To say such a system is vicious is putting it mildly.

The proposition to have the State of California build a number of trunk lines will probably end in talk. After years and years of waste of public funds, and resulting bad roads, some of the Eastern States have evolved a road law and road system, which is securing good roads.

Under this system the principal thoroughfares, that is to say, roads traversing two or more counties, are called state roads, and are built under the supervision of the County Engineer, subject to review by the State Road Engineer, all work to be done by contract, let to the lowest bidder on complete plans and specifications.

The cost of such roads is paid jointly, a certain per cent by abut-

LOCAL HAPPENINGS
TOLD IN BRIEF

Residents of South San Francisco are asked to furnish this office with any news items that they know of from time to time. There is a letter box attached to our front door, in which written items can be placed. Please write on one side of paper and sign your name to it. THE ENTERPRISE desires to print all the local happenings, and the people of South San Francisco can be of material help.

Mrs. F. A. Cunningham, who has been on the sick list, is somewhat recovered.

Mrs. J. Vujeitch, of Cottonwood, Cal., paid a visit to old friends here Sunday.

Judge A. McSweeney has fixed up the room formerly occupied by the Lodge Cafe for an office and court room.

Our old townsman, A. Moni, is back again and we understand will engage in the hay and coal business.

The Ladies' Guild of Grace Church held an important meeting on Thursday afternoon.

The South San Francisco Land & Improvement Company has sold lot 24, in block 97, to Antone Montensen.

Mr. E. Coulter left South San Francisco on Wednesday for a two months' visit at Vacaville.

Mrs. M. Bowen, of Oakland, is visiting South San Francisco, the guest of her father, Dr. C. E. Lancaster.

G. A. Dodge, a prominent San Francisco contractor, was a visitor to South San Francisco on Sunday.

Citizens are again urged to clean away the dry grass around their premises, so as to avoid a possibility of fire.

Last Sunday, while riding an unruly horse, E. N. Brown had one of his eyes badly bruised. Dr. Plymire fixed him up and he is getting along nicely.

J. W. Wigginton's familiar face was seen on our streets again Wednesday. His many friends are glad to see "Wiggy" when he comes to town.

J. Waibel, the efficient clerk in the South City Lumber & Supply Company's office, will leave for San Jose today for a much needed vacation.

Now is the time for the local fire companies to become thoroughly organized. It will be the means of lowering insurance rates.

The many friends of Frank Lawler will be glad to know that since going on his ranch, near Saratoga, his health is much improved.

A number of South San Franciscans drove up to the lakes and will spend tonight and Sunday enjoying a picnic under the trees.

The last reports received from Frank Miner and wife stated they were enjoying their outing in Southern California and Mrs. Miner's health was much improved.

Messrs. Bertucelli & Georgi, one of our progressive firms, having outgrown its own quarters, is building a new store across the street from its old location.

A serious row occurred in one of the saloons of this town last Sunday night. Efforts are now in progress to take the license away from the keeper of the saloon.

Kauffmann Bros.' team ran away a few days ago and became entangled at the corner of Grand and Linden Avenues. One of the horses was so badly injured it had to be shot.

Lee Coford, while returning home

ting land owners, a certain per cent by the county and a certain per cent by the State.

The burdens of such a system are thus distributed equitably, and so far the system has worked well.

Good Roads will do more for California than any thing else can, but to get good roads the people must go ahead about the matter in the right way. The right way is simply the economical business way; the same way a steam or electric road is built.

late Saturday night, was held up by two men near the corner of Grand and Maple Avenues. The robbers got some small change for their trouble.

Rev. A. C. Dodd, formerly rector at Grace Mission Church in South San Francisco, was a visitor here the first of the week. Mr. Dodd is now located in Alameda County.

What has become our new Southern Pacific station? The Southern Pacific has made no move, although this town is in great need of one. This is one of best paying towns on the line and has the fewest accommodations.

C. F. Hamsher and wife and W. M. Hamsher and wife left Wednesday morning for the Yosemite Valley, where they will spend a few days among the big trees and viewing nature's wonderland.

The performance given by the Lyceum Stock Company, under the management of Norman W. Hall, last Tuesday night, at Metropolitan Hall, was a very good one and thoroughly enjoyed by those who were present.

Jas. A. Plymire tells us his new residence in San Francisco will soon be completed and he contemplates moving soon. We regret to lose such estimable people, but trust they will be comfortable in their new home.

G. C. Clark, of the Bay Shore Brick Company, successor to the Alexander Brick Company, was in town the first of the week. Mr. Clark says they intend putting the place in first-class shape and make it one of the best works on the bay.

Quite an electrical display was seen in the northern part of town last Sunday night, owing to the dirt collecting on the transformers on the main line, which does not belong to the local company. A force of men were put on at night and the line put in shape.

Mrs. J. Eikerenkotter and daughters and Mrs. W. S. Taylor left Wednesday for Fort Bragg, Cal., where they will spend a few weeks visiting a brother of Mrs. Eikerenkotter. Fort Bragg is in the big timber belt, and no doubt they will have an enjoyable time.

C. T. Connelly and Geo. Wallace are having a great time during their outing in Lake County. In a letter written to Wm. Leahy, they stated that they had breakfasted on venison steaks that morning. They say they are developing immense appetites and are gaining rapidly in weight.

Efforts are being made to induce the United Railroads to change the local street car schedule so that cars will leave the packing house at night at twenty minutes before the hour instead of at fifteen as at present prevails. Direct connection can be made with the San Mateo suburban line if the change is made.

Frank Healy, son of M. F. Healy of this town, who passed a number of his boyhood years here, is now a resident of Lynn, Massachusetts. Frank, since leaving his home here, has taken a course in three Colleges of Engineering and Technology, obtaining a diploma from each. He has also been admitted as a member of the American Institute of Electrical Engineers, and is at present in charge of a very large electrical company with several hundred men under him. The senator has reason to be proud of his boy.

"WHO'S TO WIN HIM?"

Otto Berlinger has installed a new pool table at his place of business.

Frank Zitz will move into his new home next week.

The Schmitz family will move into their new residence in a few days.

The Debenedetti building is rapidly nearing completion.

The Hall Association is having a foundation and floor built on the site of its new hall. The dimensions are 61 x 74 feet. A canvas awning will be placed overhead so that the Fourth of July ceremonies can be held there with comfort.

The United Railroads has cleaned up their roadbed and placed it in good shape.

The meeting called by the secretary of the school board last Monday night was declared out of order and so no business was transacted.

Our enterprising fellow townsman, Chas. Cody, is building an addition to his hall to accommodate the increasing demand for a public meeting place.

Men and teams are still working on the Belle Air property, beautifying the streets and making other improvements.

Huntington Park visitors have increased so much that a large carryall motor car and a three-seated bus are required for their Sunday business.

An entertainment and dance will be given by Las Amigas Club at Pioneer Hall on Saturday evening, June 27th. The entertainment will commence at 8:15 sharp, to be followed by dancing. General admission will be 25 cents.

CHURCH TO HAVE
COURTING ROOM

A dispatch from Chicago says: Joy spread among the young people attending the Christ Presbyterian Church when they learned to-day that the church is to have a new adjunct of surpassing novelty—a "courting room." The courting room is to be complete, with cozy corners, screens, chaperons and dim lights. Everything to encourage the making of acquaintanceships between young men and women will be supplied in the new courting room.

The room will be built, according to the pastor, Rev. J. E. Snyder, just as soon as property adjoining the present church edifice can be secured.

"We ought to have a courting room, for this church is for young people," said the pastor today. "It will supplant the beer garden and other reprehensible meeting places."

Seven marriages have been solemnized in the church recently. With the courting room installed an immediate boom is expected.

FRATERNAL ORDERS

F. O. E.

W. J. Martin became a member of South City Aerie, No. 1473, Wednesday last. Certain it is Metropolitan Hall never held a jollier crowd, and it is safe to say those who assisted in conferring the degree work never had a pleasanter task to perform. Seven others also passed through the ordeal. One thing we are sure of, every member initiated that night will prove a good Eagle. The personnel of the Aerie is improving, while in actual memberships, 1473 heads the column in South San Francisco's fraternal orders, and, outside of San Francisco, is destined to become the leading Aerie in California.

I. O. R. M.

Fraternalism is looking up in our town. Tippecanoe Tribe held an initiation Thursday last. It was good to be there. The members are waking up to the fact that Redmanism is an order to which they may well be proud to belong. There is something about the I. O. R. M. that attracts and holds its members. Once a Redman, always a Redman, is what you hear on every side, while the principles of the order, Freedom, Friendship, Charity and Truth, are the corner stones upon which the order is building for the future.

U. A. O. D.

The Grand Grove, also the Grand Circle, of California, meet in Salinas Monday next. To represent South San Francisco Grove, No. 171, Past Arch Chas. Grady has been selected. White Eagle Circle, No. 56, will be represented at the Grand Circle by Mrs. G. Wight, Mrs. M. Luce and District Deputy Miss Mary McDonald. It is said that one of the Grand Circle offices will be filled by one of the delegates. We hope their efforts will be crowned with success.

EXCURSION AND
BASKET PICNIC
TOMORROW

Peck & Garrett will run an excursion train from San Francisco to this place tomorrow morning. The train will leave Third and Townsend streets at 11 o'clock and will arrive here seventeen minutes afterward.

Many hundred people are expected to come to South San Francisco and proceed to Peck's lots where a basket picnic will be held.

It is urged that a large delegation of citizens of this place be at the depot tomorrow and welcome the excursionists.

POSTOFFICE ROBBERY
SUSPECTS DISMISSED

John McDonald, James Anderson, Norman Pollock and John Doe Quinn, who had been arrested a few weeks ago under suspicion of being implicated in the robbery of the local postoffice on March 27th last, appeared before Judge McSweeney on Friday for examination. No evidence of guilt developed through the testimony given and all the defendants were dismissed.

District Attorney J. J. Bullock appeared for the prosecution, and Attorneys Hall Ross and Albert Mansfield represented the defendants.

Postoffice Inspector James O'Connell and Assistant United States District Attorney B. L. McKinlay were spectators at the examination.

AT ST. PAULS
M. E. CHURCH

Sunday morning last the pastor of First M. E. Church, of Point Richmond, occupied the pulpit of St. Pauls Church, South San Francisco. The sacrament of baptism was also administered prior to the sermon, which was based on the sixteenth verse, sixty-sixth Psalm, and was a remarkable deliverance. The speaker held his audience spellbound. When speaking of the many ways of doing a thing and the many ways of telling a thing, in the latter the reverend gentleman has a way peculiarly his own. From laughter to tears, proved but a narrow line, and when he declared that the coming of Christ was the greatest boon the world had experienced, in bringing sight to the blind and life to those spiritually dead, you could almost hear the chanting of the heavenly host, "Lift up your heads of ye gates, and be ye left up ye everlasting doors, and let the King of Glory in. Who is the King of Glory? The Lord God of Hosts. He is the King of Glory." To men of this stamp the church is indebted and it is hoped the reverend gentlemen will favor St. Pauls church with another visit soon.

CLOSE CALL FOR
THE GRAND HOTEL

What might have developed into a destructive fire occurred at the Grand Hotel, on San Bruno Avenue, about 8:30 Friday morning. It seems, as was learned afterward, that the brick chimney on the side of the building, into which the smoke pipe from the large kitchen range led, was clogged with broken brick, deposited there at the time of the earthquake two years ago, thereby preventing the proper egress of the smoke, which sifted through the broken chimney into the basement of the building and then throughout the large hotel. It looked for a time as if the building was in danger of destruction.

An alarm was sounded and the local fire department was soon on the scene, under the orders of Chief Henry Kneese. A large hole was chopped through the kitchen floor and a stream of water was soon directed to all parts of the basement. In a few minutes the smoke cleared away and it was soon learned what caused it.

Outside of the drenching the kitchen and pantry received, no damage was done.

RUNAWAY CAR.

One of the cars on the San Mateo suburban line became unmanageable Thursday evening at Hill Crest, and was soon under full speed on its way to Colma. When it struck the curve at that place near the Postoffice it left the rails, crossed the Mission Road and crashed through a fence into a field alongside. Nobody was hurt and no material damage done.

VEGETABLES AS MEDICINE

Carrots are excellent for gout. Cranberries correct the liver. Asparagus stimulates the liver. Watercress is an excellent blood purifier.

Honey is a good substitute for cod liver oil.

Parsnips possess the same virtues as sarsaparilla.

Bananas are beneficial to sufferers from chest complaints.

Celery contains sulphur and helps to ward off rheumatism.

Celery is a nerve tonic; onions also are a tonic for the nerves.

Beetroot is fattening and good for people who want to put on flesh.

Tomatoes are good for a torpid liver, but should be avoided by gouty people.

Lettuce has a soothing effect on the nerves and is excellent for sufferers from insomnia.

Spinach has great aperient qualities and is far better than medicine for sufferers from constipation.

The juice of a lemon is excellent for sore throat, but should not be swallowed, but used as a gargle.

COUNTY HAPPENINGS.

In the first of a series of games for the championship of the two cities San Mateo walked away with Redwood in their ball game last Sunday by a score of 4 to 0. Friene was nearly invincible, striking out 12 of the Redwood stickmen. Batteries—San Mateo, Friene and Gorman; Redwood, Merkle and Ganzio.

A very popular mission is being conducted in Saint Ann's Catholic Church at Colma by two highly gifted Jesuit Fathers. Whether you believe or not, it uplifts one's soul to listen to the exhortations, delivered in perfect English, with all the charm of finished oratory. In addition, and more important, the earnestness of the speakers touched the heart of every hearer. There is one sermon every evening and mass and instructions every morning. The mission closes on Sunday at last mass.—Colma correspondence in Redwood City Democrat.

Mrs. George R. Shreve, who is spending the summer in San Mateo, was hostess a few days ago at a most enjoyable bridge party, which was followed by an informal tea. Among her guest were Mrs. George A. Moore, Mrs. James Potter Langhorne, Mrs. Robert Hooker, Mrs. George Lent, Mrs. Osgood Hooker, Mrs. Horace Pillsbury, Mrs. Eugene Lent, Mrs. Eugene Murphy, Mrs. William Thomas, Mrs. Spencer Davis and Mrs. Arthur Whitney.

Mrs. Charles Green of San Mateo has taken a group of young people to the southern part of the state as her guests for a fortnight's holiday. They left San Mateo on Sunday night in the Green's touring car and will visit Santa Barbara, Coronado, Del Monte and several other popular watering places before returning home. In the party were Miss Eleanor Cushing, Miss Anita Murray, Miss Mary Rowe and Allan Green. Miss Rowe will be left at Del Monte on the home trip for a long stay.

In a confession made to District Attorney J. J. Bullock, Mary Slass, a housemaid employed at San Mateo, admits that she is an infanticide and has dispelled the mystery surrounding the finding of the strangled body of a baby in the bay.

A shawl had been used to strangle the child, the body being wrapped in a newspaper before being thrown in the water. The condition of the body indicated that it had not been in the bay long before it was discovered. The suspicion of District Attorney Bullock had been directed against the young woman, who was finally led to confess that she was the mother of the child and had killed it. She said that she strangled the infant a few days following its birth and took it to the bay during the night. District Attorney Bullock had the young woman identify the body at the morgue and then had her locked up at the county jail at Redwood.

BRIEF AND BREEZY

A bounty is paid for all crows killed in Chicago. This seems incredible. Chicago has lived for many years by crowing so loud that no one else within 600 miles could be heard.

A Pittsburg woman is suing for a divorce after supporting her husband for thirty-five years. They must be a heartless—those Pittsburg women.

"Fighting Bob" Evans thinks we ought to have at least forty-eight battleships. There's nothing effeminate about "Bob", hence we can't understand why he didn't make it an even fifty.

"King Solomon, at least was never sued for breach of promise," says the San Antonio Express. No, indeed; in fact he appears to have always been perfectly willing to carry out his part of the agreement.

In Los Angeles the barbers shaved the jacksies free. In Santa Barbara everybody seemed determined to "skin" them good.

Admiral Evans says we need more war ships and fewer statesmen, but we have more war ships than statesmen now.

Thou oughtest not to know the wealth of thy neighbor.—Homer.

The virtue that is in us is put in us by the Divinity.—Plato.

Notice.

Office of the Tax Collector of the County of San Mateo, State of California, Redwood City, May 30th, 1908.

I hereby give notice to all delinquent taxpayers and property owners mentioned, set forth and described in the foregoing Delinquent List in and for the County of San Mateo, State of California, that unless the taxes delinquent, together with the costs and penalties as in said Delinquent List are paid prior to Monday, June 22d, 1908, the Tax Collector of said County will on the 22d day of June, 1908, in the office of the Tax Collector, in the Court House at Redwood City, at the hour of 10 o'clock, A. M., of said day, sell to the State of California, as provided in Section 377 of the Political Code of the State of California, all the real property mentioned, set forth and described in said Delinquent List, and upon which said taxes are a lien.

C. L. McCRACKEN,

Tax Collector.

Stars That Outshine the Sun.

One of the government astronomers, referring to stars that are so distant that they have no measurable parallax, asserts that one of these, the brilliant Canopus, can be said with confidence to be thousands of times brighter than our sun. Whether we should say 20,000, 10,000 or 5,000 no one can decide. The first magnitude stars, Rigel and Spica, also are at an immeasurable distance and must, in view of their actual brightness, enormously outshine the sun.

Pleasant.

The two men talked for a time in the train.
 "Are you going to hear Barkins' lecture tonight?" said one.
 "Yes," returned the other.
 "Take my advice and don't. I hear he is an awful bore."
 "I must go," said the other. "I'm Barkins."

Positive Proof.

Patron—How can you tell whether a couple are married or not? Hotel Keeper—If he orders two whole portions, they are not; if he orders one portion for two, they are.—Judge.

Her Sweet Answer.

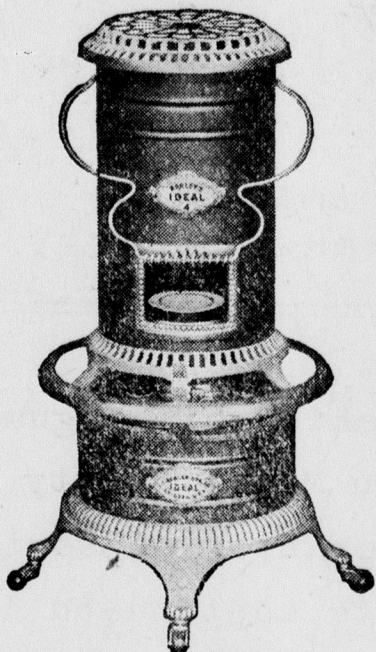

Tom—And when you proposed she gave you a sweet answer? Dick—She did, indeed. Tom—Ah, she said, "Yes?" Dick—No, she said "Fudge."—Chicago News.

A Rabbit and a Whistle.

Did you know that a short, sharp whistle from the mouth would stop a rabbit? It surely does. Next time you see little Molly Cottontail leap from her burrow and make off don't shoot; just whistle. Whether from fear or curiosity I cannot tell, but she will stop still in her tracks. An antelope has been known to do likewise. An African hunter once said that the elephant is the most timid of all animals and can be frightened into a cold sweat by a mysterious noise.—New York Press.

In making his argument before the Honorable Board of Supervisors of San Mateo County at Redwood City on June 2, 1908, opposing the incorporation of South City, the Hon. Samuel Knight, one of California's most noted lawyers, said:

"I object on behalf of the interests I represent to the incorporation on account of the fact that it takes in all the available deep water frontage on the bay in the county."

I wish to say in reference to Mr. Knight's statement that it is the truth. South City incorporated will control the only deep water harbor that San Mateo County has on San Francisco Bay--and that is why South City will one day be a great City.

IMPORTANT MEETING AT VISTA GRANDE

Bracken's Hall Packed Wednesday Night by Citizens of That Locality to Discuss Questions of Forming a Fire District and Voting Bonds for a New School House.

Bracken's Hall, at Vista Grande, was packed to the doors on Wednesday evening with the citizens of that locality who were present to discuss the advisability of forming a fire district and the question of voting bonds for the purpose of purchasing a suitable lot and the building of a modern school house for the accommodation of the children of that rapidly growing section.

The meeting was given under the auspices of the Vista Grande Improvement Association, Inc., and the other improvement clubs and citizens in the Jefferson school district at the northern end of the county had been invited to take part in the proceedings.

The discussions on the subjects became quite vigorous at times, but a great amount of information was gained by it.

District Attorney J. J. Bullock was the first speaker. He had been invited to be present to explain to the people the method of proceeding in the preliminary work necessary in establishing a new fire district. He answered several questions pertaining to the subject. He said it was necessary first to formulate a petition signed by at least fifty tax payers residing within the boundaries of the contemplated district and then submit it to the County Board of Supervisors, who would determine upon the boundaries and select the first Board of Fire Commissioners, whose duty it would be to call a special election to give the citizens an opportunity of voting a special tax to raise a fund sufficient to purchase the necessary fire protection apparatus and make arrangements for water needed.

Mr. Bullock was listened to very at-

tentively and was the recipient of many expressions of appreciation by the audience at the close of his remarks.

A. Sunderman, Trustee for the Jefferson School District, was the next speaker. He told the audience what had been done by the Board, of which he is a member, in the preliminary work attending the calling of a special election, which will take place today in the district for the purpose of voting on the question of issuing bonds to the amount of \$30,000 to be used in furnishing better school facilities at Vista Grande where there are now over 400 school children.

On being asked by a citizen where the school house was to be located, he stated that it was the plan of the board to build two school houses—one at Vista Grande and one at the Crocker Tract.

Attorney H. W. Brown, of Colma, made a vigorous argument in which he stated that the method of procedure by the school trustees was wrong; that the law made it mandatory that they should have called a mass meeting of the citizens of the district, who would prepare a petition requesting the trustees to call the special bond election; that it was the part of wisdom to vote against the bonds at this time, and start all over again, and start right.

W. J. Savage, principal of the schools in Jefferson District, believed the trustees were conscientious in the matter; the necessary request had been made to the board; the school house would be located at Vista Grande. He urged the people present to work and vote in favor of the bonds, as the time had arrived when it was necessary to have better school facilities, and as soon as possible. He closed by saying that the citizens would be given a square deal.

Mr. Bullock, again being called upon, told the audience that if the bonds carried, under present conditions, the trustees would have full power to act as they saw fit.

The bond election today promises to be one of the most exciting ones that has ever been held in San Mateo County.

FOURTH OF JULY CELEBRATION AT SAN BRUNO

The citizens of our bustling neighbor, San Bruno, are making extensive preparations for a grand Fourth of July celebration.

Last year the people of San Bruno turned out en masse and attended the celebration that was held in South San Francisco, and the first prize for the best float in the parade was awarded to one of the San Bruno organizations.

The following communication has been received by the South San Francisco Improvement Club:

SAN BRUNO IMPROVEMENT AND SOCIAL CLUB.

San Bruno, Cal., June 10, 1908.

Mr. E. I. Woodman, Secretary South San Francisco Improvement Club, South San Francisco, Cal.—Dear Sir: The San Bruno Fourth of July Committee (acting on behalf of the above named club) are promoting some sports, with dancing afternoon and evening, to take place on Independence Day, July 4th. The committee also contemplates holding a parade in the morning and wishes to extend to you a cordial invitation to join said parade. A prize will be given to the body turning out the largest attendance.

Hoping to receive an early reply to the effect that you will join in this parade, I remain, Yours respectfully, San Bruno Fourth of July Committee, I. E. J. Hall, Secretary.

The names of the San Bruno committee are as follows: W. Linesba (chairman), L. T. Hansen (Treasurer), I. E. J. Hall (Secretary), L. H. Keel, D. J. Lynch, J. H. Kirk, C. E. Cordy and H. Grady.

The committee is sparing no pains, and it is working hard to make this celebration one of the best that has ever been held in San Mateo County.

A large crowd should attend from this town in return for the great attendance here from San Bruno last year.

It is understood that Hon. J. J. Bullock will deliver the oration.

JOE GANS VS. BATTLING NELSON ON JULY 4TH

On July 4th there will be a 45-round boxing contest at the Mission Street Arena between Joe Gans and Battling Nelson for the light-weight championship of the world. There will be a ten-round preliminary contest prior to the main event. Seats for the great battle may be reserved by addressing J. W. Coffroth, 1515 Ellis street, San Francisco, by mail or telegraph. Phone West 6888. On account of the tremendous interest in the world's championship, the management suggests the reservation of seats in advance.

PECK'S LOTS NOTES

Everything looks good for a busy season in South San Francisco—new homes starting, new people coming in and the new factory breaking ground. Everybody working for the town is what counts.

Joseph Heim has started in the home building business, devoting all his energies to PECK'S LOTS. He has already started work upon three new homes. Associated with Mr. Heim is Harry Stark, one of the best builders in the State. These gentlemen will do a great work for South San Francisco. They are ready to furnish plans and estimates free of cost, and will furnish capital if necessary. Every buyer on Peck's lots, thinking of building, should see Heim.

INSPECTIONS IN COUNTY HAVE BEEN BENEFICIAL

The following report on health inspection in this county has been given out by County Health Officer Dr. D. B. Plymire:

"Have made about 1500 inspections in the first and second road districts and have abated hundreds of nuisances; have caused many sewer connections to be made in districts where sewers were laid. Where there are no sewers have had cesspools of sufficient depth adopted and lime used in same.

"Have insisted upon the frequent removal of manure, etc., from stables and outhouses, have also succeeded in having many barns, sheds and fences whitewashed throughout this district.

"Have garbage men in various places collecting garbage and disposing of same.

"All these inspections were made within two months by three inspectors.

"This inspection has proven a great benefit to the county and feel that the supervisors have acted wisely in permitting the health officer to continue this good work throughout the county with one inspector as, by our taking these precautions, we may avoid not only the Plague in this county, but help abate the many infectious diseases which have been prevalent all over the State in the past two years."
